The Christians will always plot against Islam

In the modern world we see a very serious and alarming trend - Muslims are racing against the Christians and Jews in trying to present a modern outlook. In other words, each is trying to show the other how modern they are.

Among the Muslims, this silly trend started with idiots like Sir Syed and Mustafa Kamal Atatürk, whose mission was to make Muslims the slaves of the West. When we look at the leaders of the so-called Muslim countries, we will hardly find any leader who dresses as a proper Muslim. These leaders have made it clear that if one wants to progress in life, one needs to follow modern trends. In other words, Muslims must be like how the Western civilization lives.

However, what is important for us to look at and study is what has the Western world given to the Muslims? Most of the Muslim countries have been captured by the West. Most of the natural resources of the Muslim countries are now owned by the West. The once super unity of the Muslims have also been divided into separate countries and Muslims no longer think of themselves as one Ummah but as different nations. When we look at the manner in which the Muslim countries are being destroyed, we will see that the Muslims have fallen for the trap of divide and rule which has always been the cult of the West. In other words, when they entered any country, the first thing they did was to divide the people and when there was disunity among people, then they started to rule that country.

If one looks at the Muslim countries in general, even though they have the most amount of natural resources, they appear to be the poorest countries in the world. The reason for this is that because we have divorced ourselves from the true teachings of the Qur'an and the teachings of the Holy Prophet - *may Allah's peace and blessings be upon him*. Following and trying to emulate the West has brought nothing but destruction to the Muslim Ummah.

As long as we think that success lies in the West, the Muslims would always appear to look like second grade citizens.

Every aspect of success only lies with Islam.

We present an incident in this regard.

It is mentioned that there was once a person named Ficardo who was considered as one of the famous Christian leaders or priests of Ethiopia. Ficardo made sure that with his hard work, he convinced most of his family members to become Christians. He used to also take the message of Christianity to all parts of Ethiopia. Due to this, he became very famous in his country and at the same time, the name of his family also became famous and highly respected.

It is reported that Ficardo studied the Christian religion very seriously and also educated himself with all the finer details of Christianity so that he could also educate others about these finer points. He was also considered as among the senior preachers of this

religion. Obviously, with this state came wealth and riches and within Africa itself, he was considered as one of the most respected individuals in his era.

Once Ficardo once dreamt that he was reading Surah Ikhlaas (*Qul Huwal laa*) in his dream. When he saw this dream, he realised that this was not an ordinary dream. He began to ponder and analyse this dream carefully. Ficardo also began to search for the meaning of this dream. But he could not find a proper translation of this dream and no one could give him a proper meaning and explanation. Ficardo also secretly contacted certain Islamic organizations around the world but even they could not give him a proper explanation. He could not make out the reason for having a dream like this and what was the actual meaning of Surah Ikhlas.

While speaking to a certain Muslim, Ficardo was told that one of the meanings of this dream was that the Allah Almighty wanted him to escape from darkness into light.

It is also the behaviour of people who are involved in preaching Islam to send out millions of pamphlets inviting people to Islam and there are hundreds of programs around the world where Islamic conferences are held. Ficardo then attended one of these conferences. He was so convinced about Islam that he immediately accepted Islam and changed his name to Mohammed Sa'eed. In other words, it was the Allah Almighty Who had guided this person to the path of Islam without any other person getting involved. Such is the truth of Islam.

It is mentioned that when Mohammed Sa'eed accepted Islam, the very foundations of Christianity in his part of the world shook. They considered his actions as one of the greatest treachery of its time. They also tried to speak to him many times using various influential people but with no success. In fact, one of the great results of this person accepting Islam is that not only individuals, but complete communities began to accept Islam.

However, on the other side of the world when leaders of the Church began to see that Mohammed Sa'eed was proving a great danger to their mission and their one time staunch supporter had become their ardent enemy, they decided to wipe him off the face of the earth. This has always been the behaviour and the norm of false religions and sects.

When certain Muslims saw this danger, they then contacted the Arab countries to give this person refuge and also appealed to these countries to give him a visa. Mohammed Sa'eed was then invited to study in one of the universities and also slowly learned the Arabic language. Very soon, he had become very well versed in Islam and also started to live as a Muslim.

During this time, another incident of a similar nature took place. The daughter of the person who was the head of the Ethiopian church also accepted Islam. She also arrived in Mecca Shareef after accepting Islam. When she met Mohammed Saeed, she narrated her story, "When my father came to know that I had accepted Islam, he placed all types of restrictions on me. He placed me under house arrest and I was not allowed to go anywhere. However, I managed to escape and ended up in Mecca Shareef".

She also pleaded for political asylum because her life was in great danger. Her tale and story also is very lengthy.

Suffice to say that Mohammed Saeed was highly impressed at the bravery of this female and he promised to help her. A few months later, she also told to him that she wanted to learn Islam so that she could propagate its message to all the other females in Ethiopia. She kept saying that her life was in extreme danger and that one of the safest methods she could think of was if both of them got married. Mohammed Saeed also felt that this was a good method of protecting this lady and both of them got married. His first wife who had also become a Muslim with him was living in Mecca Shareef and he lived with his new wife in Jeddah.

However, this was nothing but a well-planned plot by those who opposed Islam. Mohammed Saeed also had no idea what had been placed against him. In fact, when the Christian authorities realised that they would never succeed in bringing this person back to Christianity, they began to plot a way of how to kill this person. They also took a promise that in whichever country he found himself, they would certainly find a way of killing him.

They then hatched the following plan. This lady who had arrived in Mecca Shareef was actually someone suffering from Aids. They made it clear that she was to pass this on to

Mohammed Saeed so that eventually, he would be able to pass it on to his Muslim wife. They also convinced her that since she was like a walking dead and very soon she would die, this would be her ultimate service to Christianity. Very soon, Mohammed Saeed and his wife also began to suffer from Aids. This lady also silently escaped without anyone realizing. However, the damage had already been done and very soon both Mohammed Saeed and his wife became victims of Aids.

This clearly proves the message of the following verse in the Qur'an. In Surah Baqarah, verse 120:

وَلَنْ تَرْضَىٰ عَنْكَ الْيَهُودُ وَلَا النَّصَارَىٰ حَتَّىٰ تَتَّبِعَ مِلَّتَهُمْ ۖ قُلْ إِنَّ هُدَى اللَّهِ هُوَ
الْهُدَىٰ ۗ وَلَئِنْ اتَّبَعْتَ أَهْوَاءَهُمْ بَعْدَ الَّذِي جَاءَكَ مِنَ الْعِلْمِ ۚ مَا لَكَ مِنَ اللَّهِ
مِنْ وَلِيٍّ وَلَا نَصِيرٍ ﴿١٢٠﴾

“And never will the Jews or the Christians be pleased with you, until you follow their religion; say, “The guidance of Allah only is the (*true*) guidance”; and were you to follow their desires after the knowledge has come to you, you would then not have a protector or aide against Allah.”

This incident so clearly proves the extreme hatred that these people have for Islam. This is also one of the reasons that we have been commanded by the Holy Prophet - *may Allah's peace and blessings be upon him* - never to take these people as our confidants. Yet, it is sad to see that Muslims in the modern world consider it a great honour and privilege to be able to sit with these people thinking that they are their supporters and confidants. Remember that these people are nothing but the agents of the Satan whose ultimate mission is to turn you away from Islam. They are people who are always guided by their satanic forces. How can they truly be someone who wishes for your best interest when their leader Satan is the one who guides them? This incident also proves that these people may sometimes appear with sweet words and even prettier appearances, but their ultimate mission is to turn you away from the truth of Islam.
